

Biography

Laura Scott

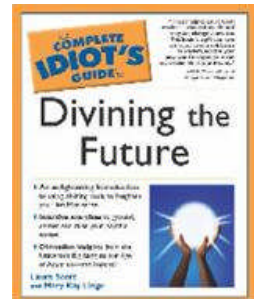

Author, Psychic, Spiritual Teacher, and Channel for Healing

Laura Scott is an internationally-renowned author, psychic, spiritual teacher, and channel for healing, who specializes in the work of the soul and providing insight on your life journey. She has been lecturing, teaching, and reading for private clients as a metaphysician for over ten years and is a recognized leader in the field, regularly compared to Sylvia Browne, Edgar Cayce, Louise Hay, and others.

Her passion for empowering others is something she takes very seriously. Laura says, "Information is power. I work beyond the surface to help clients understand the energy underneath situations, patterns that are happening, ways to promote healing, and provide them with tools to change things if they choose."

"Readings with me are a bit different because you tend to get a whole story with a beginning, middle, and ending, not so much fragments of information, she says. This is a part of my wiring and my role as a channel for healing. My job as a Divine conduit is to present information in a way that leaves clients feeling stronger, clearer, more at peace, and empowered for their future.

The author of over 20 articles on metaphysics, Laura is regularly featured on BestPsychicMediums.com, and her bi-monthly on-line column, *Ask Laura*, offers spiritual advice around the world.

Her first book, *The Complete Idiot's Guide to Divining the Future* is a treasure trove of ways to identify and strengthen intuition. It also introduces Laura's Ancient Stardust Directional Cards[®] and the Ancient Stardust Tools for Change Journal[®], two powerful new tools for understanding energy behind the scenes in your life and strengthening your own intuition.

Ancient Stardust Directional Card

She is also the creator of five meditation CDs. Her Ancient Stardust Tools for Change[™] products help demystify the role of meditation, journaling, and more for stress reduction, spiritual opening, and navigating through those trying times of the soul.

Dedicated to helping clients live their best lives, Laura says there is nothing like the sound of expanding consciousness, a place where light bulbs go off and souls remember the truth about who they are and what they came here to do. As a channel, Laura regularly works with The Committee, a group of ascended Beings and Masters who help to reframe our earthly struggles for us. Whether it's questions about past life correlations, present struggles, or future navigation, Laura welcomes it all.

Her private readings, lectures, and retreats all receive wonderful reviews. Her radio show appearances regularly leave the switchboards lit up with callers feeling personally touched by her healing presence. Her facilitated retreats help guests rest their souls, recharge their spirits, and stir the ancient stardust that we all have within.

Laura has been described many ways, from powerfully positive to inspiring, compassionate, insightful, mesmerizing, and amazing. Her soothing presence and delightful, uplifting nature have become the hallmark of her presentation style where she delivers with captivating accuracy, wisdom and grace.
